

Best Practice Workshop for Iron & Steel, Cements & Thermal Power Plants

Chhattisgarh State Renewable Energy Development Agency (CREDA) is organizing a one day “*Best Practice workshop for Iron & Steel, Cements & Thermal Power Plants*” on **7th July 2018 from 10:00 AM to 05:00PM at Hotel Babylon International, VIP Road (Airport Road), Raipur (Chhattisgarh).**

This workshop is being organized with a focus on creating awareness and to facilitate access to reliable and efficient technologies for enhancing energy efficiency in the industry sectors. The workshop shall also provide a platform to scale up energy efficiency in sectors covered under Perform, Achieve and Trade (PAT) scheme of Bureau of Energy Efficiency (BEE), Ministry of Power, Govt. of India, by facilitating transfer of best practices and technologies.

The event will provide an excellent opportunity to enhance knowledge and facilitate exchange of best practices and transfer of technologies by bringing together the industry & technology suppliers on a common platform.

There is no participation fee for the workshop. However, since the participation is limited, it would be on first-cum-first-serve basis. The target audiences for the workshop are Head of the Plant and Energy Auditor / Energy Manager of the plant looking after energy conservation & energy efficiency.

Interested participants may send an email to: kamrans.creda@gov.in & creda.samrat@gmail.com **by 29th June 2018**. The participation shall be confirmed only after receiving confirmatory email.
